Forecast for Thursday 25 Jul 2024

Weather: Widespread low cloud in the morning, with outbreaks of drizzle and extensive hill fog. Generally lifting and breaking through the day to allow some brighter spells and a few showers through the afternoon and evening, possibly heavy later.

Chance of cloud-free hill tops above 800m: Little chance at first, rising to 50% from the afternoon.

Low cloud and visibility: Widespread cloud down to 300-500m at first with associated poor visibilities in hill fog or drizzle. Generally lifting and breaking through the day and visibilities becoming good, but still a reasonable amount of cloud down to 600-800m and visibilities falling moderate or poor in any showers.
